### **Monologue**

I'm nineteen years old; I'm going to (2.0) go abroad, (2.4) next month, in Australia, to study English, (1.8) but uh my English skill is very low so↑ I want to (3.6) I want to↓ (2.4) skill I want to skill up skill up↑ about English. (5.7) (laugh) so eh (1.3) I: ah: I study English every day to (6.1) go abroad.

### **Dialogue**

Interviewer: Have you made more friends over this year?

O: Ah yes. (15.3) third four quarter, new class↑, new class↓ (3.1) new class new classroom eh, (3.8) many there are many group work, so group work member↑, (2.5) uh I (2.2) I talk with group member (4.9) member↓ member.  
 (11.0)

Interviewer: What is new with your family?

O: Family?

Interviewer: Yeh, what is new with your family?

O: ah (2.1) I bought (3.1) I bought mobile battery, eh: last week, so in Australia, (4.8) I will use smart phone, but battery, (7.6) I (bought) (wide) (battery) bring in Australia (5.4) to charge my smart phone. (Japanese)  
 (6.8)

Interviewer: Ok, what is your major?

O: I major, I major↑, I major architecture. architecture.

Interviewer: Ok, how do you like your classes, your studies this year?

(3.8)

O: One more please.

Interviewer: How do you like your studies, your classes?

O: Ah (4.3) I made (1.4) chair (.) eh chair to eh (.) made of (2.6) domboard domboard, domboard, eh (8.3) I think, I thought the design, design (7.4) I'm going to presentation about my own chair next week.

(37.1)

Interviewer: Ok thank you for coming.

### **Monologue**

I I'm from Fukuoka (.) city↑ and I'm nineteen years old. I: ↑ come to this school to: (1.8) study about machine, and I'm interested in space engineering, so I want I want to go to the space engineering course, but↑ it is very: (1.3) high, it is very high (3.4) it is very difficult to go to the course, so I have to study hard↑ now↑ (laugh) I (2.0) uh↓ I: (3.8) I: (3.4) I talk about my family↑ I my my brother is (2.1) two two years older than me, so he is greatful in university, he go he↑ goes to university in Tokyo so he (.) this↑ spring he has to start job (laugh) (2.8) job: finding↑ so so: this new year's vacation, he bought a new suit, ( ) (suit) because he has to work hard to get a better job, but he doesn't do anything↑ about that, so my parents, (2.9) parents said said him a lot of things. (laugh) and and we I went to Taiwan↑ in (3.0) summer vacation with my family, and then my mother broke her arms bone in Taiwan, he slipped, (2.2) it was raining, ↑ so he slipped in the road, and when he slipped, he broke her right arm's bone, and uh, we he of course she has she had to go the hospital, and we we called am- ambulance, and she went to the hospital. (laugh) It we went to Taiwan three days, but she broke her arm in day two↑, so I we cannot enjoy Taiwan very much (laugh) and even now↑ she went to hospital to (.) to to do rehabilitation and she she (1.8) she is tired about that, she she said she she doesn't want to go Taiwan (laugh), so and uh (5.6) my cousin↑, my cousin↑ start starts to have (1.4) uh a pet dog, a very small dog, and it is about one kilogram, very small dog, and my cousin is nine↑ years old, and she always say she wants to have a dog but her parents (1.6) didn't say yes, because it is very difficult, and need many time to have a dog, so: but (3.2) last week, her parents bought a dog for her, and uh she is very happy now, she (2.1) she often comes to my home to get dinner together, but now she did she doesn't want to come to my

home because she wants to play with her dog in her home. My my home is apartment, so dog can not come in my home, so she didn't she doesn't want to come my home. I I like dog, but I like dog, but (2.1) I I don't like to touch it. (laugh) I like just seeing, (laugh) so I I: (3.6) and her dog is very small, so I I'm very (2.9) ner- nerv- to touch it.

## **Dialogue**

Interviewer: Have you made more friends over this year?

A: maybe↑ maybe↑ yes, because in this college, (3.5) women student is very small population, so it is very hard for me (1.3) to spread it (3.2) my my friends spread, friend, I I I often with my I often (.) go to cafeteria with same friends, and go to study with same friends, and (take class) with same↑ friends, so I became um more: more friendly with he- them, but the number of my friends, (.) maybe↑ (laugh) (3.4) just (laugh) just ten.

Interviewer: So what is new with your family?

A: New ↑ new mother broke her arm (laugh) and new↑ (.) new↑ new↑ (3.0) it is nothing new.

Interviewer: Nothing new.

A: Nothing new. ↓ Nothing new. ↓

Interviewer: Ok. Wow. What is your major?

A: What is my major? ↓ Machine technology, engineering↑ and (2.0) I said before, I am interested in space engineering.

Interviewer: How are you liking your studies this year?

A: This year, it was very interesting for me because (2.7) classes in college is totally different from high school classes, and I'm not interested in history or Japanese class, but I have had to study in high school, but (laugh) now, I don't have to study that something like that I can study about what I am interested in it and is very interesting, and I'm satisfied.

Interviewer: Ok, thank you.

**Mean Length Runs**

1. I I'm from Fukuoka (.) city↑ // and I'm nineteen years old. I: ↑ come to // this school to: (1.8) = 23

2. study about machine, and I'm inter//ested in space engineering, so I // want I want to go to the space engi//neering course, but↑ it is very: (1.3) = 38

3. high, it is very high (3.4) = 6

4. it is very difficult to go to // the course, so I have to study hard↑ now↑ // (laugh) I (2.0) = 21

5. uh↓ I: (3.8) = 2

6. I: (3.4) = 1

7. I talk about my family↑ I my // my brother is (2.1) = 14

8. two two years older than me, so he is // grateful in university, he go // he↑ goes to university in To//kyo so he (.) this↑ spring he has to start job // (laugh) (2.8) = 40

9. job: finding↑ so so: this new year's vaca//tion, he bought a new suit, ( ) (suit) because he // has to work hard to get a better job, // but he doesn't do anything↑ about // that, so my parents, (2.9) = 46

10. parents said said him a lot of things. (laugh) // and and we I went to Taiwan↑ in (3.0) = 19
11. summer vacation with my family, // and then my mother broke her arms bone // in Taiwan, he slipped, (2.2) = 26
12. it was raining, ↑ so he slipped in the // road, and when he slipped, he broke her right // arm's bone, and uh, we he of course she has // she had to go the hospital, and we // we called am- ambulance, and she went to // the hospital. (laugh) It we went to Taiwan // three days, but she broke her arm in day // two↑, so I we cannot enjoy Taiwan // very much (laugh) and even now↑ she went to // hospital to (.) to to do rehabi//litation and she she (1.8) = 106
13. she is tired about that, she she said // she she doesn't want to go Taiwan (laugh), so // and uh (5.6) = 22
14. my cousin↑, my cousin↑ start starts to have (1.4) = 10
15. uh a pet dog, a very small dog, and // it is about one kilogram, very // small dog, and my cousin is nine↑ years old, // and she always say she wants to have a // dog but her parents (1.6) = 46
16. didn't say yes, because it is very // difficult, and need many time to have // a dog, so: but (3.2) = 24
17. last week, her parents bought a dog for her, // and uh she is very happy now, she // (2.1) = 20
18. she often comes to my home to get din//ner together, but now she did she does//n't want to come to my home because she // wants to play with her dog in her home. My // my home is apartment, so dog can not // come in my home, so she didn't she does//n't want to come my home. I I like dog, // but I like dog, but (2.1) = 75
19. I I don't like to touch it. (laugh) I like just // seeing, (laugh) so I I: (3.6) = 15
20. and her dog is very small, so I I'm // very (2.9) = 12
21. ner- nerv- to touch it. = 5
22. maybe↑ maybe↑ yes, because in this co//llege, (3.5) = 11
23. women student is very small popu//lation, so it is very hard for me // (1.3) = 20
24. to spread it (3.2) = 3
25. my my friends spread, friend, I I I // often with my I often (.) go to café//teria with same friends, and go to stu//dy with same friends, and (take class) with same↑ // friends, so I became um more: more fri//endly with he- them, but the number of my // friends, (.) maybe↑ (laugh) (3.4) = 64
26. just (laugh) just ten. = 3
27. New ↑ new mother broke her arm (laugh) and new↑ (.) new↑ // new↑ (3.0) = 11
28. it is nothing new. = 5
29. Nothing new. ↓ Nothing new. ↓ = 6
30. What is my major? ↓ Machine technolo//gy, engineering↑ and (2.0) = 15
31. I said before, I am interested // in space engineering. = 16
32. This year, it was very interesting // for me because (2.7) = 14
33. classes in college is totally dif//ferent from high school classes, and I'm // not interested in history or // Japanese class, but I have had to stu//dy in high school, but

(laugh) now, I don't have to // study that something like that I can stu//dy about what I am interested // in it and is very interesting, // and I'm satisfied. = 85

**TOEIC score: 705**

### **Monologue**

Um, (.) I'm, ah, I am a university student, and I study, (.) ah, about engineering. (.) I study Math and Physics and English mainly. And, Physics is very hard, so I don't like, but I should study hard because I want to work at, I want to work at, (.) ah, I have to study Physics more because (.) I'm Kyushu-Kodai student. And, (.) ah recently I got driver's license of ah motorcycle, so I often ride my motorcycle after school, and I often go to Wakato-Ohashi. And it was a red-big bridge, and (.) when I ride, when I ride over the bridge, the view is great, ah at night. And, I like the view, so I often go there. (.) And, I, I am a member of the student formula. It is a circle, club activity of making formula cars. And, I am making aero devices, ah, related related about air fluent, air, air, (laugh) (.) so I'm now learning, ah, studying air, air very much at that circle.

### **Dialogue**

Interviewer: Let's have a dialogue. Have you made more friends over this year?

T.: Oh, yes, I got many friends, yes, in this university of course, and (.) ah the people who work in the part-time job. And, (.) when I made friends of other university, (.) other university, because I went ah, we have competition of that club activity in Shizuoka, and (.) many other university students was participated, and so we exchange a lot of information with other university students, so then we got very, we got, I got some friends (.) then. Eh, ah, I made (.) a friend in part-time job, so after finish working, they are, we went to, we went to the restaurant and eating, (.) ah, eating and it is very fun.

Interviewer: What is new with your family?

T: New? Um, (4) my father got a traffic accident, ah, because of other car, (.) other car, ah, ah, (.) other car came my father's car when my father was stop, so he bought a new car. And, New, new. Um. Eh, ah, ... (17.3) ah, (.) my parents often, ah, my parents become going, become traveling often after ah these days. Ah, my hometown is Kagoshima, and my parents stay there, and Kagoshima is famous for Onsen-spring↑ hot hot spring, so my parents often go (.) hot spring every weekend, so (.) I thought they are happy. (laugh)

Interviewer: What is your major?

T: Ah, mechanics, major, (.) machine engineering.

Interviewer: How are you liking your studies?

T: Um, I'm studying hard.

Interviewer: Do you like your classes?

T: Ah, I like my class, but (.) the class is hard. Class is hard, so I have to study more. And, (.) now is test (.) days, so I want to study, hurry up, hurry. (laugh) Um, (4.5) major↓ (2) Ah, (.) ah after two grades, second grades, we are divided to, ah, (.) two classes, classes, two groups: one is ah machine engineering, another is, the other is , another is ah (4.5) control, control, control. Ah, another is a group of studying control the machine. And, machine engineering (.) studies material, and I want, I'm thinking (.) of (.) going control because these days AI and automatic car is developing, developing and company needs (.) the people who can, who, company needs people, (.) people who can (.) work, who can work, who can have a knowledge about that.

Interviewer: Ok, thank you very much.
